

Hot Tub Restoration Packages

Three levels of restoration — **each package includes everything in the package before it**. Every price below is a flat, all-in package price covering the work listed, the warranty, and round-trip transportation, shown against what the same work costs without the package.

THE ESSENTIALS	MOST POPULAR	GREATEST TOTAL SAVINGS
BASE Essential mechanical & structural renewal	PREMIUM Everything in Base + cosmetic, comfort & protection	PLATINUM Everything in Premium + technology, audio & cover
\$4,100 \$5,325 without the package	\$6,300 \$10,552 without the package	\$8,400 \$16,032 without the package
YOU SAVE \$1,225 (23%)	YOU SAVE \$4,252 (40%)	YOU SAVE \$7,632 (48%)
90-day full-coverage warranty Round-trip transport included	90-day full-coverage warranty Round-trip transport included	1-year full-coverage warranty Round-trip transport included

With the package vs. without it

Price without the restoration package is what the included work would cost if each job were purchased individually at shop pricing. Pump replacement is \$650 per pump — Base and Premium assume one pump; Platinum includes every pump at no upcharge and is valued here at two.

The step up pays for itself

Move	Extra you pay	Extra work you get	Value per dollar	What it adds
Base → Premium	+\$2,200	+\$5,227	2.4×	New pumps instead of rebuilt, unlimited jet resealing, LED lighting, shell polish, hardware refinishing, rodent protection, FROG, spa care
Premium → Platinum	+\$2,100	+\$5,480	2.6×	All pumps replaced at no upcharge, Balboa BP7 spa pack, SpaTouch4 Wi-Fi, marine stereo, circ pump, custom cover, 1-year warranty

How the packages build on each other

Nothing is taken away as you move up a tier — each package is the one below it, plus more.

BASE \$4,100	PREMIUM \$6,300	PLATINUM \$8,400
BASE WORK Frame repair · pump rebuild · ozone generator · chemical flush · 45 PSI pressure test · union gaskets · insulation · jet resealing (up to 4) · headrests · round-trip transport · 90-day full-coverage warranty	BASE WORK Frame repair · pump rebuild · ozone generator · chemical flush · 45 PSI pressure test · union gaskets · insulation · jet resealing (up to 4) · headrests · round-trip transport + PREMIUM WORK New pumps (replaces rebuild) · LED lighting · shell polish · hardware refinishing · shell components · side paint & varnish · rodent protection · FROG · 1 mo. spa care · unlimited jet resealing · 90-day full-coverage warranty	BASE WORK Frame repair · pump rebuild · ozone generator · chemical flush · 45 PSI pressure test · union gaskets · insulation · jet resealing (up to 4) · headrests · round-trip transport + PREMIUM WORK New pumps (replaces rebuild) · LED lighting · shell polish · hardware refinishing · shell components · side paint & varnish · rodent protection · FROG · 1 mo. spa care · unlimited jet resealing + PLATINUM EXCLUSIVES Every pump replaced, no per-pump upcharge · Balboa BP7 spa pack · SpaTouch4 Wi-Fi controller · marine stereo w/ subwoofer · circulation pump · custom cover · 3 mo. spa care · 1-year full-coverage warranty (upgraded from 90 days)

Package summary

Package	What it covers	Warranty	Price WITHOUT restoration package	Price WITH restoration package	You save
BASE	Essential mechanical and structural renewal — frame, pump rebuild, ozone, flush, 45 PSI pressure test, union gaskets, insulation, transport.	90-day	\$5,325	\$4,100	\$1,225 (23%)
PREMIUM	Everything in Base with pumps <i>replaced</i> rather than rebuilt, plus unlimited jet resealing, LED lighting, shell polish, hardware refinishing, rodent protection, FROG and 1 month of spa care.	90-day	\$10,552	\$6,300	\$4,252 (40%)
PLATINUM	Everything in Premium, plus every pump replaced at no upcharge, Balboa BP7 spa pack, SpaTouch4 Wi-Fi, marine stereo, circulation pump, custom cover and 3 months of spa care.	1-year	\$16,032	\$8,400	\$7,632 (48%)

Package prices are flat and all-in for the work listed. Pump replacement is \$650 per pump — Platinum includes every pump at no upcharge. Spa care is \$236/month; Premium includes 1 month, Platinum 3 months.

BASE RESTORATION

Essential mechanical and structural renewal — the foundation every other package builds on.

\$4,100

~~\$5,325 without package~~ · save \$1,225

The Base Restoration Package returns the hot tub to dependable operating condition. It covers frame repair, professional rebuilding of every pump in the spa, installation of a new ozone generator, a high-pressure internal plumbing flush, a full insulation package, and comprehensive pressure testing of the plumbing system. **The plumbing system is tested and verified leak-free prior to delivery.** The package also includes round-trip hot tub transportation and a 90-day full-coverage restoration warranty.

What's included

- **Structural & Frame:** Replacing rotten frame boards with pressure-treated lumber coated in gloss black, water-resistant paint.
- **Electronics — Pumps:** Rebuilding all pumps: replacement of both motor bearings, the ceramic seal where the motor shaft enters the wet end, and all wet-end O-rings, then bench testing at 120V or 240V under 45 PSI of water pressure to confirm leak-free operation.
- **Electronics — Other:** Installing a new ozone generator: removal of the existing unit if applicable, mounting and securing the new generator, connecting the ozone air line and check valve, completing all electrical connections, and testing operation and ozone delivery.
- **Cleaning:** High-pressure chemical flush through the plumbing system to break down buildup and dead skin, kill mold, and clean the inside of the plumbing.
- **Plumbing:** Overage pressure test: all jet inserts removed, expansion plugs set in every jet hole, and 45 PSI run through the plumbing to exaggerate any potential leak — the basis of the leak-free guarantee when the tub is returned. Plumbing union gaskets replaced.
- **Jets:** Resealing up to 4 leaking jet bodies.
- **Trim / Accessory Pieces:** Replacing headrests (if replacements are available for purchase).
- **Upgrades:** Installing insulation package.
- **Warranty:** Full-coverage 90-day restoration warranty.
- **Logistics:** Round-trip transportation to and from the shop.

\$1,225 (23%)

PREMIUM RESTORATION

Everything in the Base package — plus cosmetic, comfort and protection upgrades.

\$6,300

~~\$10,552 without package~~ · save \$4,252

The Premium Restoration Package is a comprehensive mechanical, structural and cosmetic restoration. **It includes the entire Base restoration** — frame repair, new ozone generator, high-pressure internal plumbing flush, insulation package, full pressure testing with a leak-free guarantee, round-trip transportation and a 90-day full-coverage warranty — with one change: **the spa's pumps are replaced with new pumps rather than rebuilt**. On top of that foundation, Premium adds LED lighting, professional shell polishing, hardware refinishing, shell-mounted component replacement, union gasket replacement, custom side paint and varnish, a rodent protection package, a FROG water-care system, and the first month of spa care service.

Carried over from Base — included in full

- **Structural & Frame:** Replacing rotten frame boards with pressure-treated lumber coated in gloss black, water-resistant paint.
- **Electronics — Other:** Installing a new ozone generator, including removal of the existing unit, mounting, air line and check valve, electrical connections and testing.
- **Cleaning:** High-pressure chemical flush through the plumbing system.
- **Plumbing:** 45 PSI overage pressure test with all jets plugged — leak-free guarantee on return; replacing plumbing union gaskets.
- **Trim / Accessory Pieces:** Replacing headrests (if available for purchase).
- **Upgrades:** Installing insulation package.
- **Warranty & Logistics:** Full-coverage 90-day warranty and round-trip transportation.

Upgraded at Premium

- **Electronics — Pumps:** Replacing the spa pumps with new pumps, in place of the Base package's pump rebuild.
- **Jets:** Unlimited jet resealing — every leaking jet body resealed, however many there are, rather than up to 4.

Added at Premium

- **Electronics — Lighting:** Installing an LED light kit with (x16) 1" lenses and Sloan LED light modules.
- **Cleaning:** Professionally polishing the spa shell.
- **Refined Hardware & Fixtures:** Refinishing suction drains, diverters, air control valves, waterfall control valves and control valve components; replacing suction drain covers.
- **Shell-Mounted Components:** Replacing light lenses, waterfalls and LED cup holders.
- **Trim / Accessory Pieces:** Custom-color acrylic sealer paint and varnish on the cabinet sides.
- **Upgrades:** Installing the custom rodent protection package and replacing the spa sides.
- **Water Care:** FROG water-care system provided and installed.
- **Service:** First month of the spa care subscription included.

PREMIUM RESTORATION — ALL-IN PACKAGE PRICE

~~\$10,552 without the package~~ **\$6,300** · you save **\$4,252 (40%)**

PLATINUM RESTORATION

Everything in the Premium package — plus the technology, audio, cover and circulation exclusives.

\$8,400

~~\$16,032 without package~~ · save \$7,632

The Platinum Restoration Package is a complete premium restoration built to maximize performance, technology, appearance, protection and longevity. **It includes the entire Premium restoration** — every item listed below — and adds a Balboa BP7 high-efficiency control system, a SpaTouch4 Wi-Fi topside controller, a marine-grade stereo with subwoofer, a circulation pump, replacement of **every** pump in the spa at no per-pump upcharge, a new custom-fitted spa cover, three months of spa care service, and a **1-year** full-coverage restoration warranty. Round-trip transportation is included.

Carried over from Base and Premium — included in full

- **Structural & Frame:** Replacing rotten frame boards with pressure-treated lumber coated in gloss black, water-resistant paint.
- **Electronics — Pumps:** Replacing **every** pump in the spa with new pumps — no per-pump upcharge, however many the spa has.
- **Electronics — Lighting:** Installing an LED light kit with (x16) 1" lenses and Sloan LED light modules.
- **Electronics — Other:** Installing a new ozone generator, including removal of the existing unit, mounting, air line and check valve, electrical connections and testing.
- **Cleaning:** High-pressure chemical flush through the plumbing system; professional shell polishing.
- **Plumbing:** 45 PSI overage pressure test with all jets plugged — leak-free guarantee on return; replacing union gaskets.
- **Jets: Unlimited jet resealing** — every leaking jet body resealed, however many there are.
- **Refined Hardware & Fixtures:** Refinishing suction drains, diverters, air and waterfall control valves and valve components; replacing suction drain covers.
- **Shell-Mounted Components:** Replacing light lenses, waterfalls and LED cup holders.
- **Trim / Accessory Pieces:** Replacing headrests (if available); custom-color acrylic sealer paint and varnish on the cabinet sides.
- **Upgrades:** Insulation package; custom rodent protection package with new spa sides; FROG water-care system.
- **Logistics:** Round-trip transportation to and from the shop.

Platinum exclusives

- **Electronics — Controller:** Installing a Balboa SpaTouch4 topside controller with Wi-Fi capability.
- **Electronics — Spa Pack:** Installing an energy-efficient Balboa BP7 spa pack with a 4.0 kW or 5.5 kW heater.
- **Electronics — Audio:** Installing a marine-grade stereo system with subwoofer.
- **Electronics — Circulation:** Installing a circulation pump.
- **Cover:** A brand-new custom-manufactured spa cover with a double 4 mm vapor barrier.
- **Service:** First 3 months of the spa care subscription included.
- **Warranty:** Full-coverage **1-year** restoration warranty — four times the Base and Premium coverage.

● = included | ★ = Platinum exclusive | – = not included

Premium and Platinum replace the pumps outright, so the Base pump-rebuild line does not carry forward. Premium includes one pump and quotes \$650 for each additional pump; Platinum replaces every pump with no upcharge and is valued here at two pumps. The Platinum warranty extension is carried at a \$150 placeholder value.
